DIGITAL DISCOVERY:
THE NEW BMW BROCHURES APP.
More information, more driving pleasure: The new BMW brochures app offers you a brand new digital and interactive BMW experience. Download the BMW brochures app for your smartphone or tablet now and explore new perspectives of your BMW.
Let's talk about courage, 
and why we need it more than ever.
Courage is independent and disruptive.  
Courage questions, shatters and awakens.  
We need bold, courageous voices. 
All of us.  
We need fresh thinkers with optimism.  
We believe in the frontrunners.  
The intellectual elite, the avantgards.  
Those who fight stagnation and backwardness.  
Well, courage only knows forward.  
Driving the pioneers of our culture to inspire tomorrow.  
To create a sublime kind of new, Reaching a superior level of excellence.  
This is where a new kind of luxury is born, in brave ideas, in the confidence to speak out loud. Even if nobody asks for it.
EVERY DAY WE EXPERIENCE PROGRESS. THE FUTURE. YET WE FEEL THAT WE HAVE SEEN IT ALL BEFORE. NOW AND THEN THOUGH, SOMETHING SURPRISES US, AND TOUCHES US.
Power is a physical quantity: only when you cultivate it, you can add a dimension to it.
WE LIVE IN A TIME THAT IS ALL ABOUT SPEED, ABOUT MILLISECONDS. A TIME THAT IS RUNNING AWAY IF YOU ARE NOT CLOSE ON ITS HEELS. UNLESS YOU SIMPLY OVERTAKE IT.
WHOEVER ONLY FOLLOWS TRACES, REACHES PLACES WHERE MANY OTHERS HAVE BEEN ALREADY. IT IS ABOUT TIME TO LEAVE NEW TRACES.
YOUR DESTINATION MAY BE A LINE, A PLACE, A PERSON, THE ROAD. AND SOMETIMES YOU WILL ONLY KNOW WHEN YOU HAVE ARRIVED.
Searching for and finding modern perfection: Adrian van Hooydonk, chief designer at the BMW Group, on the new appearance in the segment of the most exclusive vehicles.

The models under the name Bayerische Motoren Werke open up a new world within the BMW portfolio. What is your vision of contemporary luxury?

We do not want to tell our customers how they should define luxury for themselves, but just want to make an attractive, diverse offer. The perception of luxury is very different worldwide. But a central aspect that becomes visible everywhere is the increasing significance of personal time. It is becoming the most valuable asset in a globalised world.

How is the wish for perfection and refinement expressed in mobility?

In today’s mobile world, we spend more and more time in various modes of transport. Cars are now like personal rooms on wheels. One wants to feel completely comfortable in them. A steering wheel that you touch, the materials that surround you have to feel perfect and the eye does not want to be disturbed by unclear lines or individual components. The interior of a vehicle is seen as a living space. It is about being surrounded by the highest possible sensuous quality. What is the biggest challenge in the external appearance?

Luxury must be reflected to the outside world in a matter-of-fact way. In English there is a beautiful term for it: sophistication. For designers – our team has more than 700 employees at four locations worldwide, who are encouraged through constant competition with each other in terms of ideas – this means that every detail counts. The design has to arouse strong emotions while expressing the highest quality and durability at the same time. In order to be able to spend every moment intensively, full of meaning and beauty. Therefore, we are building a luxury ecosystem, a model family. In various forms of expression: contemporary saloons, elegant and very sporty coupes, but also vehicles that offer very luxurious space. In the new designs, a common factor is noticeable: the reduction of lines. Do you want to increase luxury by making lines less apparent in the design?

In this way, the design becomes clearer, more modern and more emotional. An expressive surface play is in the foreground, and the dynamics are emphasised even more than before by the vehicle body. The few but very precise vehicle lines underlie the graphic design of the surfaces. The vehicle body looks more powerful, refined and luxurious with the lavish surfaces without losing the sportingness that is typical to BMW. This is possible only because we work out every feature of a vehicle individually. For a BMW, one should be able to identify at first glance what kind of experience one would have with it. Especially in our large and particularly luxurious vehicles, we attach great importance to a marked appearance and the maximum possible feel-good factor in the interior. It’s about freedom – and the feeling of being at home in a BMW.
WIDE REAR LIGHTS IN THE BMW TYPICAL FORM OF AN L UNDERSCORE THE STRONG SHOULDERS OF THE BMW 8 SERIES COUPÉ.

The BMW 8 Series Coupé establishes a completely new design language for luxury sports cars – an overview of the most important design innovations.

NEW DIMENSIONS.
The generously curved and muscular surfaces give the BMW 8 Series Coupé a particularly confident sportiness. The BMW designers have succeeded in reducing the number of lines along the bodywork to a radical minimum, thus emphasising the expressiveness of the surfaces to the maximum – the basis for a completely new silhouette in contemporary automotive design. Many surfaces, such as the gently raised flanks behind the air vents of the front wheel arches, have hitherto been unseen in such an expressive form in automotive design.

POWERFUL PROPORTIONS.
Just right for a BMW sports car of the highest performance class: the sporty-powerful proportions. Deep, wide and ready to leap, the flat body ducks over the asphalt. Voluminous rear wheel arches emphasise a low centre of gravity and the classic rear-wheel drive. The flowing silhouette in conjunction with the gently curved surfaces thus signal an effortless and natural urge to move forward.

ADVANCED HALLMARKS.
The BMW designers interpreted well-known BMW design elements such as the BMW kidney grille, the rear lights in the shape of an L or the typical kink in the graphics of the rear windows in a highly modern way. For example, the forward leaning BMW kidney grille in the shape of a shark nose refers to iconic BMW racing cars such as the BMW 530i or BMW 3.0 CSL. The particularly delicate and wide rear lights featured in the BMW 8 Series Coupé emphasise the powerful shoulders as well as the powerful rear end.

PERFECTED DETAILS.
Other subtle details such as the minimalist and floating light side mirrors or the double-arched roof in the style of classic racing cars complete the harmonious overall impression of the BMW 8 Series Coupé, which, despite its restrained form and unobtrusive luxury, awakens the viewer’s emotionalism typical of a BMW sports car.

IN THE FORM OF LIFE.
The BMW 8 Series Coupé establishes a completely new design language for luxury sports cars – an overview of the most important design innovations.

CLEAR LINES.
The generously curved and muscular surfaces give the BMW 8 Series Coupé a particularly confident sportiness. The BMW designers have succeeded in reducing the number of lines along the bodywork to a radical minimum, thus emphasising the expressiveness of the surfaces to the maximum – the basis for a completely new silhouette in contemporary automotive design. Many surfaces, such as the gently raised flanks behind the air vents of the front wheel arches, have hitherto been unseen in such an expressive form in automotive design.

POWERFUL PROPORTIONS.
Just right for a BMW sports car of the highest performance class: the sporty-powerful proportions. Deep, wide and ready to leap, the flat body ducks over the asphalt. Voluminous rear wheel arches emphasise a low centre of gravity and the classic rear-wheel drive. The flowing silhouette in conjunction with the gently curved surfaces thus signal an effortless and natural urge to move forward.

ADVANCED HALLMARKS.

THE LUXURY TO BE SPORTY.

The BMW 8 Series Coupé is also irresistibly luxurious in the interior – and at the same time inimitably sporty: Noble materials and elaborate workmanship create a maximally exclusive ambience. At the same time, however, the design of the BMW 8 Series Coupé is thoroughly dynamic in keeping with its character: The intentional longitudinal orientation of the interior allows all lines to thrust forward, and the BMW typical, consistent driver orientation helps to keep the driver in control of everything at all times. Get in and experience the feeling of the racetrack, elegantly interpreted.

TWO WORLDS, NO COMPROMISES: THE BMW 8 SERIES COUPE COMBINES SPORTINESS WITH ABSOLUTE LUXURY.

From classic-sporty to modern-elegant: Even the interior has a unique luxurious atmosphere. Starting with the basic equipment, the instrument panel and door panel are covered in leather and provided with contrast stitching. Seats in leather ‘Vernasca’, BMW Individual leather ‘Merino’ with extended contents1 or even BMW Individual full leather trim ‘Merino’2 emphasise the individual claim of the interior. Design elements such as the flowing transitions between the instrument panel and the doors create an all-round exclusive design experience that equally surrounds drivers and passengers on all sides. The hand-crafted glass applications3 are an experience for the hands and the eyes: They set high-quality highlights on selected control elements such as the gear selector, the Start-Stop button, the iDrive Controller or the volume control, which further add to the already noble ambience.

1 Standard for 840d xDrive.
2 Standard for BMW M850i xDrive.
3 Available as optional equipment.

SPARKLING EXCLUSIVITY: THE GLASS APPLICATIONS ‘CRAFTED CLARITY’ ARE MANUFACTURED BY HAND AND EMBELLISH SELECTED ELEMENTS IN THE INTERIOR.

INTERIOR DESIGN

IRRESISTIBLY LUXURIOUS – AND INIMITABLY SPORTY AT THE SAME TIME.
Respect. That’s what I feel when I see the BMW M8 GTE. The BMW kidney grille, the rear end with wide wheelbase, the wheel arches and air outlets, and the overall aerodynamics radiate an intensity that shows every competitor what it’s about on the racetrack: Respect.

Actually, tuning and engine power are the most important features of a vehicle for a professional driver. But these strengths must also be visible at first glance. In this regard, the BMW M8 GTE is the most consistent racing car BMW has ever built. And this presence is immediately apparent in the production model. The elongated bonnet and the proportions of the rear wheels immediately reveal the genes of a sports car – the sides of the production model are ultimately only 10 millimeters narrower than those of the BMW M8 GTE.

The development of a new racing car takes several years. As a driver you are involved, test, give feedback. And the experts work on the details, such as the shape of the exterior mirrors, which is based on the famous M hooks of the BMW M models and improves the airflow on the sides of the vehicle.

I was honoured to be the first to drive the BMW M8 GTE on the racetrack after its development. An emotional moment – and from the first moment a perfect co-operation.

This wow effect was there in the production model immediately, you feel immediately embraced by the vehicle. You do not just sit in it and drive, you become a unit. Everything feels ergonomic. The structure of the cockpit, the settings on the steering wheel all show that no compromises are made when it comes to driver orientation. I feel the same absolute confidence that is so essential on the racetrack. When nothing should distract you, especially in a 24-hour race like Le Mans, when you have to go through the programme without a hitch. Hour after hour, lap after lap, to be fully there in the finale. Show strength when it’s about everything – and show the competitors a very special design detail of the BMW 8 Series: the characteristically slim line of rear lights.

Martin Tomczyk.

The racing driver and long-distance specialist was closely involved in the development of the BMW M8 GTE. No other pilot has covered so many kilometres in the BMW M8 GTE.

THE 19" M SPORT BRAKE IMPRESSES WITH THE MOST PRECISE DOSING AND HIGHEST BRAKING PERFORMANCE – EVEN UNDER THE TOUGHEST LOAD.
A push on the gas pedal – and the TwinPower Turbo 8-cylinder petrol engine with 4.4 litre capacity resolutely attacks every metre of asphalt. Its superior revving power drives up the driver’s pulse when it approaches the tangible limit with precise dosing: Two Twin-Scroll exhaust gas turbochargers, cylinder liners with special coating and a cooling package designed for maximum performance with two repositioned coolers, an upstream radiator and a 1,000-watt fan are only found in racing sports cars. On request, the Sport exhaust system emphasises the load changes of the V8 engine with a strong character, but at the push of a button it also has a finely subdued tone – depending on the selected mode.

Confident through every curve – at any speed:

Adaptive M Suspension Professional
 Highly agile, surprisingly comfortable: The Adaptive M suspension Professional 1 combines typical dynamics with smoothness and stability. The electromechanical body roll stabilisation reduces the lateral inclination on the curves and thus enables very high cornering speeds. Depending on the situation, it chooses a stabilising or agile driving behaviour. Thus, the driver can enjoy the fullest control and responsive handling even with fast cornering or quick changes of direction.

INAUGATION FROM RACING.
FOR HIGH PERFORMANCE ON THE ROAD.

The racing genes of the BMW M850i xDrive Coupé are noticeable in every driving situation. The high body rigidity and the reinforced suspension components ensure direct implementation of every steering command. The specially-tuned BMW xDrive four-wheel drive and the controlled M Sport differential provide maximum traction when accelerating out of corners – with an agility that was previously reserved only for rear-wheel drive vehicles. The 19” M Sport brake impresses with the most precise dosing and highest braking performance – even under the toughest load. Maximum lateral forces are counteracted by the wheels with standard sport mixed tyres. Integral Active Steering guarantees perfect steering and maximum speed confidence in every speed range. As standard, the BMW M8 Series Coupé comes with the Adaptive M suspension. It provides optimum road holding on all surfaces and allows the driver to choose between particularly sporty or comfortable suspension tuning. Welcome to a new dimension of performance!

THE ELECTRICALLY ADJUSTABLE EXTERIOR MIRRORS ARE ESPECIALLY SPORTY WITH CARBON-FIBRE MIRROR CAPS. THEY ARE DESIGNED TO OPTIMISE THE AERODYNAMICS OF THE BMW M850i xDRIVE.

The BMW M850i xDrive is not only fast, it also looks fast. Its design shows uncompromising dynamics and sets a statement that leaves no questions unanswered: Painted in Sunset Orange and finished with carbon-fibre elements, this is a pure-bred sports car that does not want to stand still on its 20” M light alloy wheels – Gentlemen, start your engines!

AN IMPRESSION THAT LASTS FOREVER.

The M carbon-fibre roof made from the ultra-light, but highly stable material, raises the adrenaline-driven look of the BMW M850i xDrive to a new level.

MORE CARBON-FIBRE FOR MORE LIGHTNESS:
THE M CARBON PACKAGE FOR THE EXTERIOR AND THE M CARBON-FIBRE ROOF.

Carbon-fibre in every detail: The exclusive M carbon-exterior package adds numerous design elements made of carbon-fibre to the already standard integrated carbon core components of the BMW 8 Series Coupé – for a more thoroughbred sports car look that tilts everyone’s attention. With mirror caps, air intakes, a decorative element around the tailpipe trims, an M rear spoiler made of carbon-fibre and a sharp-edged rear diffusor, the carbon-exterior package reinforces the motor sport character not only visually, but also substantially. The M carbon-fibre roof also makes a clear statement for a philosophy that gets the most out of everything – ideal conditions for those who want to experience maximum dynamics on every journey.

A PUREBRED SPORTS CAR THAT DOES NOT WANT TO STAND STILL, BUT BE DRIVEN – GENTLEMEN, START YOUR ENGINES!
Thoughts were born, ideas thought through and know-how taken to the extreme. Innovative technologies were developed, comfort and efficiency enhanced and performance levels increased. But all this was not done to put knowledge, ability and pioneering spirit in the foreground – but to make this one, special feeling even more tangible: Driving pleasure. Technology becomes emotion – the BMW 8 Series Coupé.
On the way to the autonomous driving of the future, the innovative BMW Personal CoPilot driver assistance systems already offer a large number of intelligent semi-automated systems that support the driver in monotonous, demanding or confusing situations. Whether activated on request or as an assistant in the background, the BMW Personal CoPilot technologies make driving and parking the BMW 8 Series Coupé safer, more comfortable and more relaxed.

**THE AUTOMATIC SPEED LIMIT ASSIST** adapts the active cruise control dynamically to upcoming speed limits.

**THE SAFETY PACKAGE DRIVING ASSISTANT** supports you in numerous dangerous driving situations, and brakes automatically in case of an emergency.

**EVERYTHING AT A GLANCE:** PARKING ASSISTANT PLUS

Parking Assistant Plus makes parking and manoeuvring the vehicle easier. It features among others the Surround View system including Top View, Panorama View, Remote View 3D, as well as a lateral parking aid, the Active Park Distance Control, emergency braking function, Parking Assistant with linear guidance and Reversing Assistant.

**IS THERE WHEN REQUIRED:** DRIVING ASSISTANT PROFESSIONAL

Driving Assistant Professional supports the driver with intelligent functions for partially automated driving, for example on monotonous routes, during traffic congestion or in confusing situations. The active cruise control with Stop&Go function including front collision warning with braking intervention maintains the speed up to 210 km/h and the distance to the vehicle in front. The steering and lane control assistant also offers support up to 210 km/h in safely steering the car into its lane. The Lane Keeping assistant with active side collision protection can prevent the driver from unintentionally leaving the lane through steering intervention.

---

1 This feature is part of Driving Assistant Professional.
2 Available as optional equipment.
3 Remote Services are required for the use of Remote 3D View.
It is clear: The BMW 8 Series Coupé also ushers in a new era when it comes to connectivity. The innovations are BMW Live Cockpit Professional and BMW Operating System 7.0: A high-quality display network consisting of a touch-capable, high-resolution 10.25” Control Display and a fully digital 12.3” instrument display, on which the innovative operating concept runs with intuitive operation via gestures, voice and touch control and numerous options for customising all displays.

The BMW Head-Up Display transmits relevant driving information into the driver’s line of vision without distraction.

The BMW Operating System 7.0 offers a next-generation experience: Dynamic mapping content ensures a unique guiding experience. Address data can easily be entered by hand using the iDrive Touch Controller, touch screen or voice control. The navigation itself is visually fascinating: Three-dimensionally designed and with satellite images as map background as well as selected sights in photo-realistic representation, each journey becomes an informative experience, which now also takes place in the central area of the multifunctional instrument display, in which navigational content is displayed in a new form.

As part of BMW ConnectedDrive, in selected European countries the system automatically updates domestic maps up to four times per year, for a period of three years.

Some ConnectedDrive Services may differ between countries. Please consult your local BMW partner for more information.

The user interface allows intuitive operation and can be adjusted to your own requirements with variable widgets.

Innovative information: BMW Live Cockpit Professional with innovative operating concept.

The innovative BMW Live Cockpit Professional with a learning navigation system is a highlight of BMW’s typical driver orientation. All information is displayed in an appealing manner on the display network consisting of a control display and an instrument display.

Thanks to the individually configurable operating concept of the BMW Operating System 7.0, an even more intuitive operation via gestures, speech, touch screen and Drive control is possible. With the enhanced functionality of the controller, all digital services such as apps can be selected directly and the whole system can be configured according to personal preferences. The Head-Up Display with extended contents also transmits information directly into the driver’s field of vision without distracting from traffic.

Comfortable from destination to destination: Navigation System Professional.

Thanks to a combination of an innovative operating concept, high-quality displays and the latest networking, the navigation system Professional offers a next-generation experience: Dynamic mapping content ensures a unique guiding experience.

The Head-Up Display with extended contents also transmits information directly into the driver’s line of vision without distracting from traffic.

The user interface allows intuitive operation and can be adjusted to your own requirements with variable widgets.
The comfort in the BMW 8 Series Coupé does not start when driving, but already when you get inside the car with the Comfort access system. You do not need a key anymore to unlock the car, because your smartphone takes over this function with the BMW Innovation Digital Key. Once you hold it to the door handle, the doors are unlocked. Inside, the dynamic interior lighting welcomes you with a welcome scene, and the Bowers & Wilkins Diamond surround sound system surrounds you with crystal clear sound. The perfect way to tune in with what follows: an exciting driving experience that starts even before the BMW 8 Series Coupé moves. 

**A FEAST FOR THE EYES: THE DYNAMIC INTERIOR LIGHTING.**

The dynamic interior lighting immerses the interior in an unparalleled atmosphere that combines the best of ambient, indirect lighting with highlights. Numerous LEDs and optical fibres can be controlled in several adjustable colours. When entering and exiting or during events such as a telephone call, preconfigured, dynamic lighting effects create an eye-catching visual experience through the harmonious interaction of all lighting elements.

**POSTURE NEEDS SUPPORT: MULTIFUNCTION SEATS.**

Sportiness with a luxurious definition. The multifunction seats1 of the BMW 8 Series Coupé exceed all requirements that can be demanded from a sporty seat. The extra low seating position with a raised shoulder area and integrated headrest allows the driver to confidently sit in the centre of the power, while the comfortable seat adjustment with extensive electrical adjustment options ensures maximum lateral support. The active seat ventilation2 on the other hand ensures an ideal seat climate at all times, while striking stitching, the perforation and exclusive contrast stitching also perfect the overall seating experience visually.

---

1 Standard for BMW M850i xDrive, optionally available for BMW 840i xDrive.
2 Available as optional equipment.
3 Only available in conjunction with additional equipment.
ALWAYS UP-TO-DATE, WITHOUT A VISIT TO YOUR BMW PARTNER: REMOTE SOFTWARE UPGRADE.
Thanks to Remote Software Upgrade, a most-current update for the car software can be downloaded “over the air” directly from the car or via the BMW Connected App and a smartphone in a very simple manner. So the car software always remains up to date and very comfortable.

OPEN TO NEW EXPERIENCES: THE DIGITAL KEY.
With the Digital Key, the signature of the vehicle key is easily stored in the BMW Connected App of your smartphone. The door handle of the BMW 8 Series Coupé recognises this signature and opens the door – safety, reliability and without the need for a separate key. Even several key signatures can be created at the same time\(^1\), allowing even a simple and uncomplicated lending of the vehicle from a distance.

\(^{1}\) Equipment optionally available for selected Samsung smartphones. Included in the optional “Comfort access system”. Alternatively, you have the possibility to open and start the car via a key card.

SMOOTHED SOUND FOR PURE SOUND ENJOYMENT: THE BOWERS & WILKINS DIAMOND SURROUND SOUND SYSTEM.
Seven aluminium Kevlar midrange speakers. Four aluminium tweeters. Three diamond tweeters. Two subwoofers with Rohacell core. In addition a 10-channel amplifier and a microphone-supported dynamic driving sound regulation, which supplies excellent sound through discreet control of the loudspeakers in each driving situation: The Bowers & Wilkins Diamond surround sound system\(^1\) blends selected materials and high-end technology to create a unique, high-end audio experience.

\(^{1}\) Available as optional equipment.
ONLY YOUR OWN WAY LEADS TO YOUR OWN GOALS.

Materials – hand crafted, exquisite and exclusive. Colours, surfaces and shapes as individual as the eyes that look upon it. Ideas and expectations are met without compromise – and exceeded. Design, detail and dynamics are aspects of one and the same idea – in the BMW 8 Series Coupé.
Let yourself be inspired: This artistic design shows an exclusive selection of the material diversity of BMW Individual for the BMW 8 Series Coupé.

THE FINISHING MAKES THE DIAMOND.
THE BMW 8 SERIES COUPÉ – INSPIRED BY BMW INDIVIDUAL.

To drive the BMW 8 Series Coupé means to follow your automotive dreams and not to compromise. BMW Individual enables you to make the exclusive even more extraordinary. Take your time and choose the most exquisite exterior and interior equipment options to suit your personal vision in an ideal way. Or go further and create your own version of the BMW 8 Series Coupé: in principle, everything is possible that is conceivable – that is precisely why it says: BMW Individual.

In the special paintwork Pure metal silver, chiaroscuro contrasts create the impression of molten metal. This is ensured by a base coat with the finest aluminium nanoparticles, which are ground and polished to the highest technical precision, as well as a second continuous paint coat including a finish. The overall result: A paintwork full of colour brilliance and deep gloss that attracts all the attention.

First of all, several layers of wood veneer are applied to the BMW Individual interior trim finishers in piano finish Black, which are varnished in numerous layers with piano finish and polished until a deep, high-gloss effect has been achieved. In the interior they spread a powerful, noble atmosphere.

The BMW Individual extended leather upholstery ‘Merino’ in Cognac illustrates the claim to excellence of BMW Individual: Only premium quality leather without any surface defects is used, which is not subjected to any artificial embossing or surface treatment during the production process after an elaborate dying through barrel pigmentation.
WHICH COLOUR GIVES YOU DRIVING PLEASURE?

EXTERIOR COLOUR WORLD

Barcelona Blue or Sunset Orange? Sonic Speed Blue or Dravite Grey?
The extroverted metallic colour palette for the BMW 8 Series Coupé will leave you spoiled for choice. For whichever paintwork you decide:
You always choose ground-breaking design and uncompromising dynamics, which prove passion and character.

- STANDARD EQUIPMENT
- OPTIONAL EQUIPMENT

These colour samples are intended as an initial guide to the colours and materials available for your BMW. However, experience has shown that printed versions of paint, upholstery and interior trim colours cannot in all cases faithfully reproduce the appearance of the original colour. Please discuss your preferred colour choices with your BMW partner or dealership.

- Only available for 840d xDrive.
- Available from 07/19.

The Standard and Optional equipment may differ between countries. Please consult your local BMW partner for more information.
When infallible style meets racing dynamics, the result is stunning: The extended leather trim BMW Individual ‘Merino’ in Bicolour Tartufo and Black, along with the BMW Individual interior trim finishers in piano finish Black, conveys confidence and an exciting sports car feel alike.
With the extended leather trim BMW Individual 'Merino' Bicolour in Fiona Red and Black, the interior in the bright colour scheme with BMW Individual full leather trim 'Merino' Ivory White and BMW Individual interior trim finishers in piano finish Black spread a luxuriously tasteful ambience in every detail.

The unladen weight refers to a vehicle with standard equipment and does not include any optional extras. The unladen weight includes a 90 % full tank and a driver weight of 75 kg.

Optional equipment may affect the weight of the vehicle, the payload and the top speed if the selected equipment has an impact on the vehicle’s aerodynamics.

Performance data of petrol engines apply to vehicles using RON 98 fuel. Fuel consumption data apply to vehicles using reference fuels in accordance with EU Regulation 2023/1715. Euro6d-TEMP is achieved with a maximum allowed content of 0.05% (500 ppm) of NOx to be used. BMW recommends RON 95 super unleaded petrol.

For these vehicles, values other than those specified here may apply for the assessment of taxes and other vehicle-related charges that are based on CO2 emissions. Version 09/2020.

The dimensions refer to the M85i xDrive. Dimensions of the 840i xDrive may vary slightly.
